Dear Mr Knaggs

Section 99 Approval - Application to Change PDA Development Approval
Material Change of Use for (Interim) Retail Uses Bar, Food and Drink Outlet, Market, and Community Use at South Sea Islander Way and First Avenue, Maroochydore, described as Lots 30 and 40 on SP305312

On 21 March 2022, the Minister for Economic Development Queensland (MEDQ) decided to grant **all** of the amendment application applied for, subject to PDA development conditions set out in this PDA decision notice.

The PDA decision notice and approved plans/documents can be viewed in the MEDQ Development Approvals Register via the Department website www.dsdilgp.qld.gov.au/pda-da-applications.

If you require any further information, please contact Mr Michael Fallon, Planner, Development Assessment, in Economic Development Queensland, by telephone on (07) 3452 7097 or at michael.fallon@dsdilgp.qld.gov.au, who will be pleased to assist.

Yours sincerely

Jeanine Stone
Director
Development Assessment
Economic Development Queensland

9.	Waste Management Plan prepared by SunCentral	-	-
10.	Site plan by Cardno (Pavement Plan Overall)	249402-C1-1199 rev E	17/02/2016

PDA development conditions

ABBREVIATIONS AND DEFINITIONS

For the purposes of interpreting the PDA Development Conditions, the following is a list of abbreviations utilised:

1. **AILA** means a Landscape Architect registered by the Australian Institute of Landscape Architects.
2. **Certifications Procedures Manual** means the document titled *Certification Procedures Manual*, prepared by the Department of Infrastructure, Local Government, and Planning, dated 16 October 2017 (as amended from time to time).
3. **Contributed Asset**, in accordance with the Certification Procedures Manual, means an asset constructed under a PDA development approval or Infrastructure Agreement that will become the responsibility of an External Authority. For the purposes of operational works for a Contributed Asset the following meanings apply:
 - a. **External Authority** means a public-sector entity external to the MEDQ;
 - b. **Parkland** means carrying out operational works related to the provision of parkland infrastructure;
 - c. **Roadworks** means carrying out operational works within existing and proposed road, to a depth of 1.5m measured from the top of kerb, and includes streetscape works;
 - d. **Sewer Works** means carrying out any operational works related to the provision of waste water infrastructure;
 - e. **Streetscape Works** means carrying out any operational works within the footpath of a road related to landscape treatments, including footpath surface treatments, street furniture, street lighting and street trees;
 - f. **Stormwater Works** means carrying out any operational works related to the provision of stormwater infrastructure; and
 - g. **Water Works** means carrying out any operational works related to the provision of water infrastructure.
4. **Council** means Sunshine Coast Council.
5. **DES** means the Department of Environment and Science.
6. **DSDMIP** means the Department of State Development, Manufacturing, Infrastructure and Planning.
7. **EDQ** means Economic Development Queensland.
8. **IFF** means the Infrastructure Funding Framework, prepared by the Department Infrastructure, Local Government and Planning, dated July 2017.
9. **MEDQ** means the Minister for Economic Development Queensland.
10. **PDA** means Priority Development Area.
11. **RPEQ** means Registered Professional Engineer of Queensland.

6.	Traffic Management Plan (TMP) Undertake all works generally in accordance with the certified TMP submitted with this application. The TMP is to be current and available on site at all times.	At all times during construction.
7.	Filling and Excavation a) Submit to EDQ Development Assessment, DSDMIP detailed earthworks plans certified by a RPEQ, generally in accordance with AS3798 – 2007 <i>“Guidelines on Earthworks for Commercial and Residential Developments”</i>. The certified earthworks plans are to: - include a geotechnical soils assessment of the site; - be consistent with the Erosion and Sediment Control plans required under this development approval; - provide full detail of areas where dispersive soils will be disturbed, treatment of dispersive soils and their rehabilitation; - provide full details of any areas where surplus soils are to be stockpiled. b) Carry out the earthworks generally in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, DSDMIP certification by a RPEQ that all earthworks have been carried out in generally accordance with the certified plans submitted under part a) of this condition and any unsuitable material encountered has been treated or replaced with suitable material.	a) Prior to commencement of site works. b) Prior to commencement of use. c) Prior to commencement of use.
8.	Water Connection Connect the development to the existing water reticulation network in accordance with Unitywater’s current adopted standards.	Prior to commencement of use
9.	Sewer Connection Connect the development to the existing sewer reticulation network in accordance with Unitywater’s current adopted standards.	Prior to commencement of use
10.	Stormwater Connection Connect the development to a lawful point of discharge with ‘no-worsening’ to upstream or downstream properties for storm events up to 1% Annual Exceedance Probability (AEP) in accordance with Council current adopted standards.	Prior to commencement of use

11.	Outdoor Lighting Outdoor lighting within the development is to be designed and installed in accordance with AS 4282:1997 <i>Control of the Obtrusive Effects of Outdoor Lighting</i> .	Prior to commencement of use and to be maintained
12.	Electricity Connect the development to the existing electrical reticulation network in accordance with Energex's current adopted standards.	Prior to commencement of use
13.	Public Infrastructure – Damage, Repairs and Relocation Repair any damage to existing public infrastructure that occurred during works carried out in association with the approved development. Should existing public infrastructure require relocation, due to the approved development, the developer is responsible for these costs together with compliance with relevant standards and statutory requirements.	Prior to commencement of use
Landscape and Environment		
14.	Acid Sulfate Soils (ASSMP) a) Where acid sulfate soils are found on site, submit to EDQ Development Assessment, DSDMIP an Acid Sulfate Soils Management Plan (ASSMP). The ASSMP is to be prepared certified by a suitably qualified professional in soils and/or erosion sediment control. b) Excavate, remove and/or treat on-site all acid sulfate soils generally in accordance with the certified ASSMP submitted under part a) of this condition.	a) Prior to commencement of or during site works b) Prior to commencement of use
15.	Erosion and Sediment Management a) Submit to EDQ Development Assessment, DSDMIP an Erosion and Sediment Control Plan (ESCP) certified by a RPEQ or an accredited professional in erosion and sediment control (CPESC) generally in accordance with the following guidelines: i. The construction phase stormwater management design objectives of the State Planning Policy 2017 (Appendix 2 Table A); ii. Healthy Land and Water Technical Note: <i>Complying with the SPP – Sediment Management on Construction Sites</i>; iii. Urban Stormwater Quality Planning Guidelines, dated 2010, prepared by the former Department of Environment and Heritage Protection; and iv. Best Practice Erosion and Sediment Control, dated November 2008, prepared	a) Prior to commencement of site works

	by the International Erosion Control Association Australasia (as amended from time to time).	
	b) Implement the certified ESCP as submitted under part a) of this condition.	b) At all times during construction
16.	Waste Management Submit to EDQ Development Assessment, DSDMIP a waste management strategy generally in accordance with the submitted Waste Management Plan endorsed by Council or a registered waste contractor.	Prior to commencement of use
17.	Infrastructure Charges Pay to the MEDQ, the applicable infrastructure charges under the IFF calculated as follows: - Charges are not applicable for the first 3 years from the original decision date. - Where a use is in effect after 3 years from the original decision date charges are to be paid in accordance with the IFF in force at the time of the payment.	As indicated

STANDARD ADVICE

Please note that in order to lawfully undertake development, it may be necessary to obtain approvals other than this PDA development approval. For advice on other approvals that may be necessary in relation to your proposal, it is recommended that you seek professional advice.
