PLANS AND DOCUMENTS
referred to in the PDA
DEVELOPMENT APPROVAL

Approval no: DEV2022/1327
Date: 10 November 2022

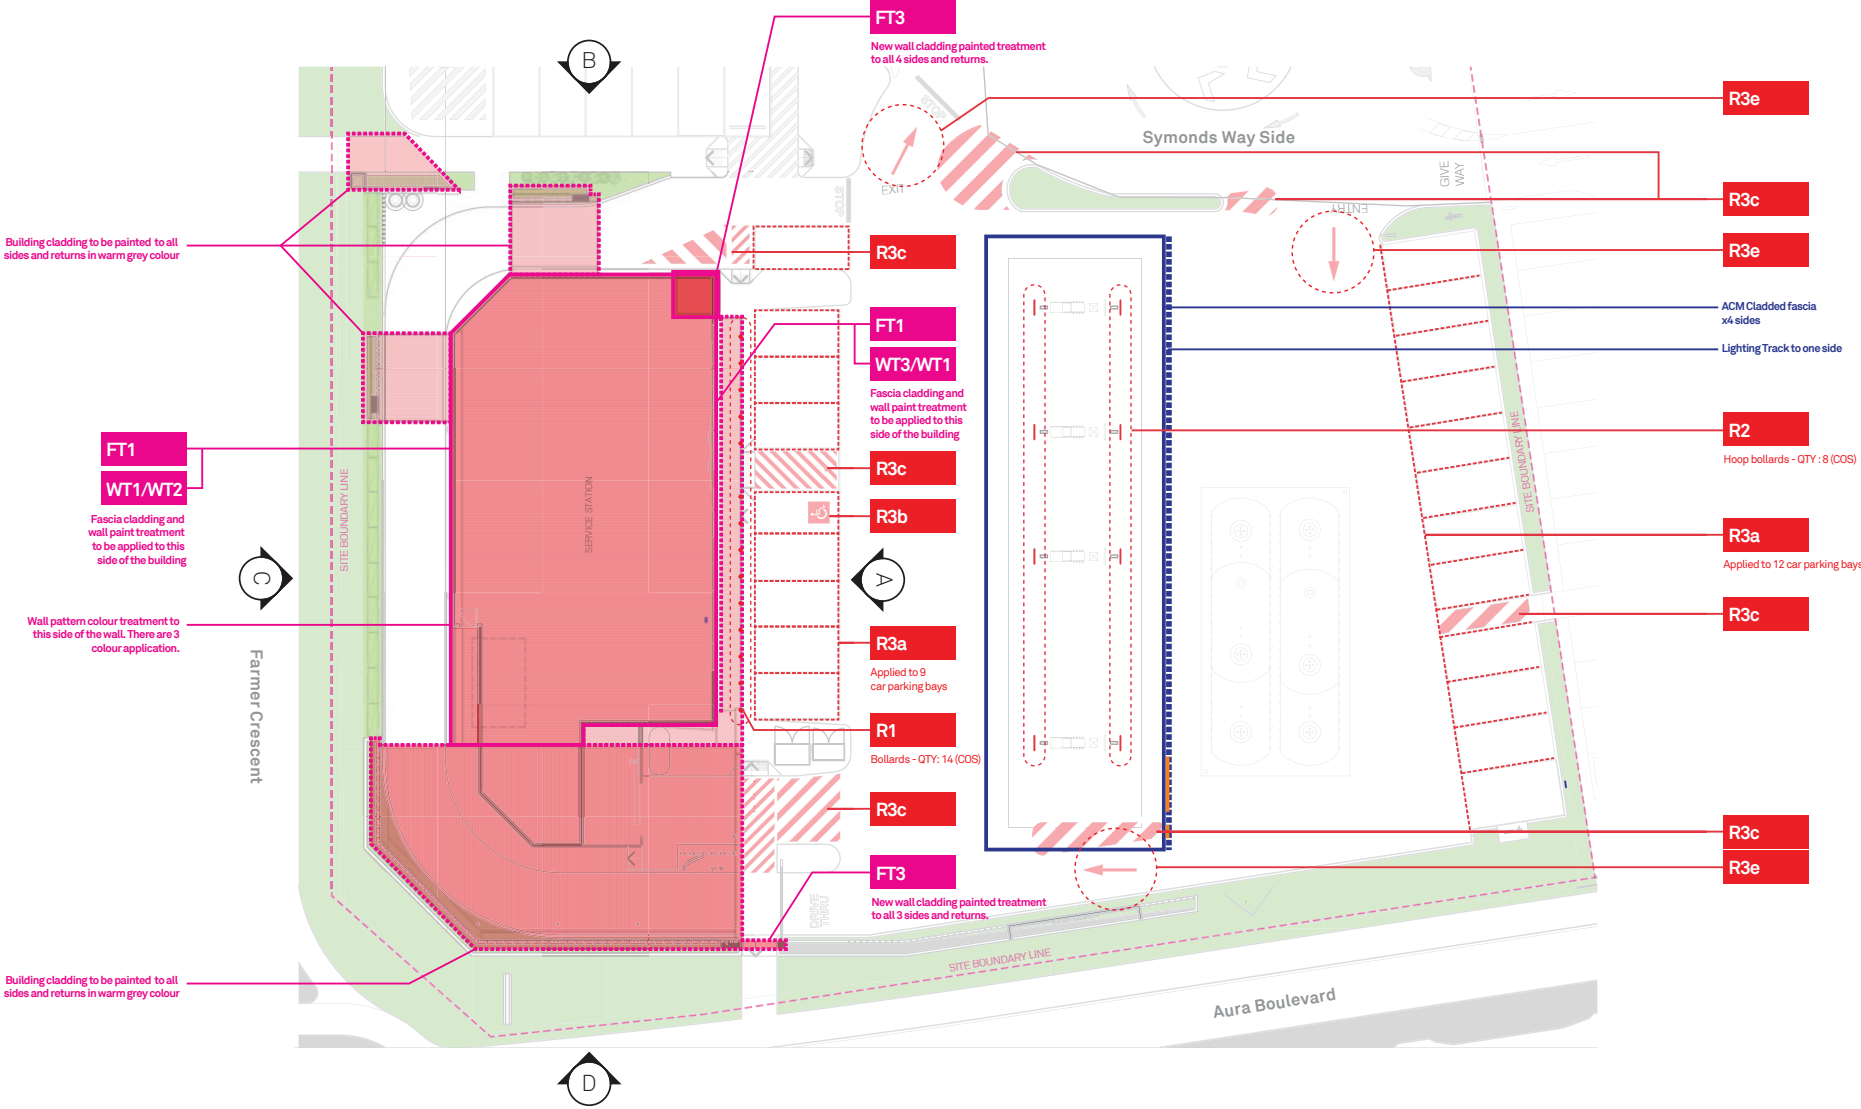

diadem

LOT 101 Precinct 5, Aura Boulevard, Baringa, QLD 4551, Australia

KEY

1. Clearance height
2. 'Air' decal for sites where an air service outlet is located on canopy column
3. Surveillance cameras in use (if required)
4. Stop engine, avoid fire and prohibition symbols
5. Danger fire risk filling containers
6. Fire extinguisher pictorial symbol (only on columns with extinguisher type)
7. Option for large container and tank diesel filling at equipped sites only
8. Pump number for Customer Service Attendant
9. Fire extinguisher F.E. triangle (not required if fire extinguisher pictorial symbol used)
10. Fire extinguisher F.E. disc
11. Autogas filling instructions (install to pump when no column available)
12. Driveway service unit

NOTES

- Install fire extinguisher signs only on columns where extinguishers are installed. Pictorial symbol must be facing each fuelling position. Refer to forecourt plans for nominal positions. Minimum two fire extinguishers on each forecourt but strictly in accordance with AS/NZS 1940.
- Install 'stop engine', 'avoid fire with prohibition symbols' and 'danger fire risk filling containers' on both faces of column, at each fuelling position as shown if not possible to locate properly on a pump.
- Where there are no canopy columns adjacent to the pumps or no canopy and no room on the pump mast area, install 'stop engine', 'avoid fire', and 'danger fire risk' on both faces:
 - **Preferred:** A metal pole fixed to the top of the pump.
 - **Alternate** A pole-mounted sign (free standing) for remote diesel pump with extended hose - sign panel maybe attached to the high mast pole so that they are facing both fuelling positions.
- Where pole - mounted sign(s) is installed, only one is required for each row of pumps. Where bollards exist, place pole sign near/between bollards.
- Install pump numbers on the column face to be visible to the Customer Service Attendant.
- Refer to Ampol Marketing Property - Project Standards for decal details.
