DESIGN CRITERIA

Development is to be in accordance with the provision of the Industry and Business Area - PDA Guideline No. 10 (May 2015 version), except for the following provisions:

- All advertising devices are to be in accordance with Logan City Council's Planning Scheme.
- End of trip facilities can be provided by operators if deemed necessary.
- Location of storage facilities for flammable materials are to be outside the bushfire buffer zones for Lots 19, 37, 48 & 49, and storage of flammable materials is not to be above ground for all lots.
- All refuse storage areas, materials, plant areas and services will be suitably screened from to all boundaries.
- Buildings are shaped, designed and finished so that the maximum length of unvaried or unarticulated (blank) wall does not exceed 20 metres (unless facing a side or rear property boundary).
- Roofing materials are pre coloured and non-reflective.
- Glazing treatment must use non-reflective materials/products.

DEVELOPMENT APPROVAL

Approval no: DEV2022/1306/7
Date: 26 February 2024

- Where buildings face the public realm areas, including streets, parks and walkways, significant overlooking and surveillance opportunities must be incorporated with positive CPTED practice. Where public use walkways are incorporated between or within sites, the buildings must front activated zones to these walkways in accordance with positive CPTED practice.
- All service areas, plant and air conditioning plant is to be screened, integrated into the building, or located on the roof with screening.
- Site coverage may be up to 80% provided:
 - All other landscaping and development requirements of the Plan of Development are complied with;
 - Development is in context with, and visually compatible with the appearance of any neighbouring buildings;
 - Adequate pedestrian access and amenity is provided at ground level.
- Waterford-Tamborine Rd frontage:
 - Building development along the Waterford Tamborine Road must be setback a minimum of 2.0 metres;
 - Any building located within 3.0m of Waterford Tamborine Road must include an articulated facade and a minimum of 2 colours (which may contain glazing).
- Powerlink Easement - Compliance Assessment is to be accompanied by written approval from Powerlink for any works and improvements within the hardstand area (Lots 1, 8, 9, 29, 33, and 48).
- Zero setbacks to side and rear boundaries will be permitted subject to sight lines and other constraints affecting adjoining development.
- Bicycle parking will be provided at the rate of one space per five car parking spaces.
- Landscaping:-
 - Preference is to be given to utilising plant species that are native and endemic to the area and are low maintenance species.
 - All street frontages, not developed as Built to Boundary buildings will require a 2.0m minimum width landscape strip, except at vehicular and pedestrian access points.
 - Provide a continuous 2.0m wide landscape strip to Waterford-Tamborine Rd frontage so that all external service and utility areas are screened from view from Waterford-Tamborine Road.
 - Provide a 1.8m high black tubular steel fence (or similar) along the Waterford-Tamborine Rd frontage.

- Canopy trees and landscape will be provided by Lendlease within the street and verge. These must be retained as part of the development and incorporated into any final verge surface treatments.
- Car parking:-
 - Car parking will be provided in accordance with Table 1.
 - Service vehicles must enter and leave the Site in a forward direction.
 - Where an onsite refuse collection area is provided, access and manoeuvring areas are designed and provided to enable access by a refuse collection vehicle based on the Design Service Vehicle in Austroads/Standards Australia HB72 Design Vehicles and Turning Path Templates.
 - All premises are identified by the provision of a street number in a prominent location, preferably near the site entry, i.e. on the kerb or letterbox or by signage on the building or site.
 - Where more than one lot is purchased by the same owner or adjoining lots are being developed at the same time, shared parking and access at the side and rear of lots is encouraged between adjoining properties to improve parking efficiency.

DEVELOPMENT STANDARDS

All engineering works are to comply with the PDA Guideline No. 13 Engineering Standards, dated September 2017.

Driveway construction is to be in accordance with Council standards.
