FORTITUDE VALLEY QLD 4006

Email: boti.hajos@rpsgroup.com.au

Dear Boti

Section 99 Approval - Application to Change PDA Development Approval
Reconfiguring a Lot - 1 lot into 223 residential lots, balance lot, management lots, new road and open space, with associated Plan of Development, at Lot 3004 McKenny Boulevard, Yarrabilba described as Lot 3004 on SP327425 and Part of Lot 3002 on SP327417

On 21 November 2024 the Minister for Economic Development Queensland (MEDQ) decided to grant **all** of the amendment application applied for, subject to PDA development conditions set out in this PDA decision notice.

The PDA decision notice and approved plans/documents can be viewed in the MEDQ Development Approvals Register via the Department website [Current applications and approvals](#).

If you require any further information, please contact Dr Jocelyn Bowyer, Principal Planner Development Assessment, in Economic Development Queensland, by telephone on (07) 3214 9579 or at Jocelyn.bowyer@edq.qld.gov.au, who will assist.

Yours sincerely

Amanda Dryden
Director
Development Assessment
Economic Development Queensland

Preamble, Abbreviations, and Definitions

PREAMBLE

For the purpose of interpreting this approval, including the conditions, the following applies:

ABBREVIATIONS AND DEFINITIONS

The following is a list of abbreviations utilised in this approval:

AILA means a Landscape Architect registered by the Australian Institute of Landscape Architects.

CERTIFICATION PROCEDURES MANUAL means the document titled *Certification Procedures Manual*, prepared by EDQ, dated April 2020 (as amended from time to time).

CONTRIBUTED ASSET means an asset constructed under a PDA development approval or Infrastructure Agreement that will become the responsibility of an External Authority. For the purposes of operational works for a Contributed Asset, the following definitions apply:

- a) **External Authority** means a public-sector entity other than the MEDQ;
- b) **Parkland** means carrying out operational work related to the provision of parkland infrastructure;
- c) **Roadworks** means carrying out any operational work within existing or proposed road(s), to a depth of 1.5m measured from the top of kerb, and includes Streetscape Works;
- d) **Sewer Works** means carrying out any operational work related to the provision of wastewater infrastructure;
- e) **Streetscape Works** means carrying out any operational work within the verge of a road, including footpath surface treatments, street furniture, street lighting and landscaping;
- f) **Stormwater Works** means carrying out any operational work related to the provision of stormwater infrastructure; and
- g) **Water Works** means carrying out any operational work related to the provision of water infrastructure.

COUNCIL means the relevant local government for the land the subject of this approval.

DSDILGP means the Department of State Development, Infrastructure Local Government and Planning.

EDQ means Economic Development Queensland.

EDQ DA means Economic Development Queensland's – Development Assessment team.

EDQ IS means Economic Development Queensland's – Infrastructure Solutions team.

EP Act means the *Environmental Protection Act 1994*.

IFF means the Infrastructure Funding Framework, prepared by the Department of State Development, Tourism and Innovation, dated 1 July 2020 (as amended from time to time).

LTA means *Land Title Act 1994*.

MEDQ means the Minister for Economic Development Queensland.

PDA means Priority Development Area.

RPEQ means Registered Professional Engineer of Queensland.

Compliance assessment

Where a condition of this approval requires Compliance Assessment, Compliance Assessment is required in accordance with the following:

- a) The applicant must:
 - i) pay to MEDQ at the time of submission the relevant fee for Compliance Assessment, including any third party peer review costs which will be charged on a 100% cost recovery basis. The Compliance Assessment fees are set out in EDQ Development Assessment Fees and Charges Schedule¹ (as amended from time to time).
 - ii) submit to EDQ DA a duly completed Compliance Assessment form².
 - iii) submit to EDQ DA the documentation as required under the relevant condition.
- b) Where EDQ is satisfied the documentation submitted for Compliance Assessment meets the requirements of the relevant condition (or element of the condition), EDQ will endorse the documentation and advise by written notice.
- c) Compliance Assessment and endorsement can be repeated where a different design or solution, to that already endorsed, is sought.
- d) The process and timeframes that apply to Compliance Assessment are as follows:
 - i) applicant submits items required under a) above to EDQ DA for Compliance Assessment.
 - ii) **within 20 business days** – EDQ assesses the documentation and:
 - 1. if satisfied, endorses the documentation; or
 - 2. if not satisfied, notifies the applicant accordingly.
 - iii) if the applicant is notified under ii.2. above, revised documentation must be submitted **within 20 business days** from the date of notification.
 - iv) **within 20 business days** – EDQ assesses the revised documentation and:
 - 1. if satisfied, endorses the revised documentation; or
 - 2. if not satisfied, notifies the applicant accordingly.
 - v) where EDQ notifies the applicant as stated under iv.2. above, repeat steps iii. and iv. above. If either party is not satisfied by the outcome of this process, that party can elect to enter into a mediation process with an independent mediator agreed to by both parties.

Despite note v. above, the condition (or element of the condition) is determined to have been met only when EDQ endorses relevant documentation.

¹ The EDQ Development Assessment Fees and Charges Schedule is available at EDQ's website.

² The Compliance Assessment form is available at EDQ's website. It sets out how to submit documentation for Compliance Assessment and how to pay Compliance Assessment fees.

Submitting Documentation to EDQ

Where a condition of this approval requires documentation to be submitted to either EDQ DA or EDQ IS, use the following email addresses:

a) EDQ DA: pdadevelopmentassessment@edq.qld.gov.au

b) EDQ IS: PrePostConstruction@edq.qld.gov.au

PDA Development Conditions – Reconfiguring a Lot

No	Condition	Timing
General		
1.	Carry out the approved development Carry out the approved development generally in accordance with: a) the approved plans and documents; and b) any other documentation endorsed via Compliance Assessment as required by these conditions.	Prior to survey plan endorsement for the relevant stage
2.	Street naming Submit to EDQ DA a schedule of street names approved by Council.	Prior to survey plan endorsement for the relevant stage
Construction		
3.	Hours of work - construction Unless otherwise endorsed, via Compliance Assessment for out of hours work, construction hours for the approved development are limited to Monday to Saturday between 6:30am to 6:30pm, excluding public holidays.	During construction unless otherwise endorsed
4.	Out of hours work - Compliance Assessment Where out of hours work is proposed, submit to EDQ DA, for Compliance Assessment, an out of hours work request. The out of hours work request must include a duly completed out of hours work request form ³ .	Minimum of 10 business days prior to proposed out of hours work commencement date
5.	Certification of Operational Work Carry out all Operational Work under this approval in accordance with the <i>Certification Procedures Manual</i> .	At all times
6.	Construction management plan a) Submit to EDQ IS a site-based Construction Management Plan (CMP), prepared by the principal site contractor and reviewed by a suitably qualified and experienced person responsible for overseeing the site works, to manage construction impacts, including: i) noise and dust in accordance with the EP Act; ii) stormwater flows around and through the site without increasing the concentration of total suspended solids or Prescribed Water Contaminants (as defined in the EP Act), causing erosion, creating any ponding and causing any actionable nuisance to upstream and downstream properties; iii) contaminated land, where required under a site suitability statement prepared in accordance with section 389 of the EP Act;	a) Prior to commencing site work for the relevant stage

³ The out of hours work request form is available at EDQ's website.

PDA Development Conditions – Reconfiguring a Lot		
No	Condition	Timing
	<ul style="list-style-type: none"> iv) complaints procedures; v) site management: <ul style="list-style-type: none"> 1. for the provision of safe and functional alternative pedestrian routes, past, through or around the site; 2. to mitigate impacts to public sector entity assets, including street trees, on or external to the site; 3. for safe and functional temporary vehicular access points and frequency of use; 4. for the safe and functional loading and unloading of materials including the location of any remote loading sites; 5. for the location of materials, structures, plant and equipment; 6. of waste generated by construction activities; 7. detailing how materials are to be loaded/unloaded; 8. of proposed external hoardings and gantries (with clearances to street furniture and other public sector entity assets); 9. of employee and visitor parking areas; 10. of anticipated staging and programming; 11. for the provision of safe and functional emergency exit routes; and 12. any out of hours work as endorsed via Compliance Assessment. b) A copy of the CMP submitted under part a) of this condition must be current and available on site. c) Carry out all construction work generally in accordance with the CMP submitted under part a) of this condition. 	<ul style="list-style-type: none"> b) During construction c) During construction
7.	Erosion and sediment management <ul style="list-style-type: none"> a) Submit to EDQ IS an Erosion and Sediment Control Plan (ESCP), certified by a RPEQ or an accredited professional in erosion and sediment control, and prepared generally in accordance with the following: <ul style="list-style-type: none"> i) construction phase stormwater management design objectives of the <i>State Planning Policy 2017</i> (Appendix 2 Table A); ii) <i>Healthy Land and Water Technical Note: Complying with the SPP – Sediment Management on Construction Sites</i>. b) Implement the certified ESCP submitted under part a) of this condition. 	<ul style="list-style-type: none"> a) Prior to commencing site work for the relevant stage b) During construction
8.	Traffic management plan <ul style="list-style-type: none"> a) Submit to EDQ IS a Traffic Management Plan (TMP), certified by a person holding a current Traffic Management Design qualification. The TMP must include the following: <ul style="list-style-type: none"> i) provision for the safe and functional management of traffic around and through the site during and outside of construction work hours; ii) provision for the safe and functional management of pedestrian traffic, including alternative pedestrian routes past, through or around the site; iii) provision of parking for workers and materials delivery; iv) risk identification, assessment and identification of mitigation measures; v) ongoing monitoring, management review and certified updates (as required); and vi) traffic control plans and/or traffic control diagrams, prepared in accordance with <i>Austroads Guide to Temporary Traffic Management</i>, for any temporary part or full road closures. 	<ul style="list-style-type: none"> a) Prior to commencing site work for the relevant stage

PDA Development Conditions – Reconfiguring a Lot		
No	Condition	Timing
	<p>b) Carry out all construction work generally in accordance with the certified TMP submitted under part a) of this condition, which is to be current and available on site.</p> <p>NOTE: Operational traffic changes, such as temporary and permanent lane modifications, relaxation of clearway zone hours or footpath closures may require authorisation from Council or DTMR as road manager. It is recommended that applicants engage directly with the applicable road manager.</p>	b) During construction
9.	<p>Public infrastructure (damage, repairs and relocation)</p> <p>a) Repair any damage to existing public infrastructure caused by works carried out in association with the approved development.</p> <p>b) Where existing public infrastructure require repair or relocation, due to the approved development and/or works associated with the approved development, repair and/or relocate the public infrastructure at no cost to others and in accordance with statutory requirements and adopted design standards.</p> <p>NOTE: It is recommended applicants record their own dated photographic evidence of the condition of relevant existing public infrastructure both before and after works carried out in association with the approved development.</p>	<p>a) Prior to survey plan endorsement for the relevant stage</p> <p>b) Prior to survey plan endorsement for the relevant stage</p>
Earthworks and retaining walls		
10.	<p>Earthworks</p> <p>a) Submit to EDQ IS detailed earthworks plans, certified by a RPEQ, and designed generally in accordance with:</p> <ol style="list-style-type: none"> <i>Australian Standard AS3798 – 2007 Guidelines on Earthworks for Commercial and Residential Developments</i> and the approved Functional Layout Earthworks Plan, prepared by KN Group, drawing no. 16-217-SK204 Rev A, dated Feb 2022 <p>The certified earthworks plans are to:</p> <ol style="list-style-type: none"> include a geotechnical soils assessment of the site as set out in Condition 11 – Geotech Report; accord with the Erosion and Sediment Control Plans, as required by condition 7 – Erosion and sediment management; include the location and finished surface levels of any cut and/or fill; detail areas where dispersive soils will be disturbed, treatment of dispersive soils and their rehabilitation; provide details of any areas where surplus soils are to be stockpiled; detail protection measures to: <ol style="list-style-type: none"> ensure adjoining properties and roads are not impacted by ponding or nuisance stormwater resulting from earthworks associated with the approved development; preserve all drainage structures from structural loading impacts resulting from earthworks associated with the approved development. <p>b) Carry out earthworks generally in accordance with the certified plans submitted under part a) of this condition.</p> <p>c) Submit to EDQ IS RPEQ certification that:</p> <ol style="list-style-type: none"> all earthworks have been carried out generally in accordance with the certified plans submitted under part a) of this condition; and 	<p>a) Prior to commencing earthworks for the relevant stage</p> <p>b) Prior to survey plan endorsement for the relevant stage</p> <p>c) Prior to survey plan endorsement for the relevant stage</p>

PDA Development Conditions – Reconfiguring a Lot		
No	Condition	Timing
	ii) any unsuitable material encountered has been treated or replaced with suitable material.	
11.	Geotechnical Report <ul style="list-style-type: none"> a) Submit to EDQ IS a geotechnical report, certified by an RPEQ, confirming that the proposed retaining walls and earthworks including the cut/fill batters have been designed based on the existing geotechnical conditions of the site, and will achieve a long-term factor of safety greater than 1.5 against geotechnical instabilities. b) Undertake all earthworks generally in accordance with the certified plans required under part a) of this condition. c) Submit to EDQ IS certification from an RPEQ that all earthworks and retaining walls have been undertaken generally in accordance with the certified plans submitted under part a) of this condition. 	<ul style="list-style-type: none"> a) Prior to commencing site works b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
12.	Acid sulfate soils (ASS) <ul style="list-style-type: none"> a) Where on-site ASS are encountered, submit to EDQ IS an ASS management plan, prepared in accordance with the <i>Queensland Acid Sulfate Soil Technical Manual Soil Management Guidelines v4.0 2014</i> (as amended from time to time). b) Excavate, remove and/or treat on site all disturbed ASS generally in accordance with the ASS management plan submitted under part a) of this condition. c) Submit to EDQ IS a validation report, certified by a suitably qualified environmental or soil scientist, confirming that all earthworks have been carried out in accordance with the ASS management plan submitted under part b) of this condition. 	<ul style="list-style-type: none"> a) Prior to or during site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
13.	Retaining walls <ul style="list-style-type: none"> a) Submit to EDQ IS detailed engineering plans, certified by a RPEQ, of all retaining walls 1m or greater in height. Retaining walls must be: <ul style="list-style-type: none"> i) certified to achieve a minimum 50 year design life; ii) designed generally in accordance with <i>AS4678 – Earth Retaining Structures</i> and relevant material standards (e.g. <i>AS3600 – Concrete Structures</i>); iii) located and designed generally in accordance with the approved Functional Layout Earthworks Plan, prepared by KN Group, drawing no. 16-217-SK204 Rev A, dated Feb 2022. b) Construct retaining walls generally in accordance with the certified plans required under part a) of this condition. c) Submit to EDQ IS certification from an RPEQ that all retaining wall works 1.0m or greater in height have been constructed generally in accordance with the certified plans submitted under part a) of this condition. 	<ul style="list-style-type: none"> a) Prior to commencing site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage

PDA Development Conditions – Reconfiguring a Lot		
No	Condition	Timing
Roadworks, urban servicing and stormwater management		
14.	Traffic Counts – Yarrabilba Drive Undertake 7-day traffic counts on Yarrabilba Drive and submit to EDQ DA a report indicating the peak hour volumes. The count shall be located along the eastern leg from the Waterford-Tamborine and Yarrabilba Drive intersection, on Yarrabilba Drive	Every 3 months with the first count commencing 3 months from the date of this approval and continuing until such time as conditions 15 and 16 have been satisfied.
15.	Town Centre East-West Road (Yarrabilba Drive to Waterford-Tamborine Road/Dollarbird Road) a) Submit to EDQ IS detailed engineering plans certified by an RPEQ for the interim roadworks of the proposed Town Centre East-West Road between Yarrabilba Drive and Waterford-Tamborine Road, generally in accordance with the functional layout plans endorsed through compliance assessment under P4 ROL1 (DEV2016/860). b) Construct the interim roadworks generally in accordance with the certified plans as required under part a) of this condition. c) Submit to EDQ IS 'as-constructed' drawings, asset register and test results, certified by an RPEQ, in a format acceptable to the Council and DTMR of all interim roadworks constructed in accordance with this condition. ADVICE: It is recognised that the delivery and timing of the ultimate work is set out in the Infrastructure Agreement.	a) Prior to the two-way peak hour volume on Yarrabilba Drive (east of Waterford-Tamborine Road) exceeding 2,107vph b) Prior to the two-way peak hour volume on Yarrabilba Drive (east of Waterford-Tamborine Road) exceeding 2,634vph c) Prior to the two-way peak hour volume on Yarrabilba Drive (east of Waterford-Tamborine Road) exceeding 2,634vph
16.	Waterford-Tamborine Road/Dollarbird Road Intersection a) Submit to EDQ IS detailed engineering plans certified by an RPEQ for the interim intersection configurations, generally in accordance with the functional layout plans endorsed through compliance assessment under P4 ROL1 (DEV2016/860) . The intersection shall provide priority to cyclists generally in accordance with TMR TN128: Selection and Design of Cycle Tracks (where Cycle Tracks are used) and be configured without slip lanes to improve safety for pedestrians and cyclists. b) Construct the interim intersection roadworks generally in accordance with the certified plans as required under part a) of this condition.	a) Prior to the two-way peak hour volume on Yarrabilba Drive (east of Waterford-Tamborine Road) exceeding 2,107vph b) Prior to survey plan endorsement for the 7022nd residential lot, or 15 months after the Road Works Approval is issued by TMR for the intersection works (pursuant to section 33 of the <i>Transport Infrastructure Act 1994</i>) whichever occurs first

PDA Development Conditions – Reconfiguring a Lot		
No	Condition	Timing
	<p>c) Submit to EDQ DA 'as-constructed' drawings, asset register and test results, certified by an RPEQ, in a format acceptable to the Council of all interim intersection roadworks constructed in accordance with this condition.</p> <p>ADVICE:</p> <ul style="list-style-type: none"> • It is recognised that the delivery and timing of the ultimate work is set out in the Infrastructure Agreement. • Some of the intersection works on Waterford-Tamborine Road may need to be approved by DTMR. 	<p>c) Prior to survey plan endorsement for the 7022nd residential lot, or 15 months after the Road Works Approval is issued by TMR for the intersection works (pursuant to section 33 of the <i>Transport Infrastructure Act 1994</i>) whichever occurs first</p>
17.	<p>Roadworks</p> <p>a) Submit to EDQ IS detailed engineering plans, certified by an RPEQ, for all roadworks, including parking bays, traffic devices and footpaths. The certified engineering plans must be designed generally in accordance with:</p> <ol style="list-style-type: none"> <i>PDA Guideline No. 13 Engineering standards</i>; and the approved Functional Layout Roadworks Plan, prepared by KN Group, drawing no. 16-217-SK201 Rev D, dated 23/06/2022; and the Functional Layout Typical Sections, prepared by KN Group, drawing no. 16-217-SK202 Rev C, dated 23/06/2022 amended in red 25 August 2022. <p>b) Construct roadworks generally in accordance with the certified plans submitted under part a) of this condition.</p> <p>c) Submit to EDQ IS:</p> <ol style="list-style-type: none"> certification from a suitably qualified and experienced RPEQ that all roadworks have been constructed generally in accordance with the certified plans submitted under part b) of this condition; and all documentation as required by the <i>Certification Procedures Manual</i>. as-constructed drawings, asset register and test results, certified by a RPEQ, in a format acceptable to the end asset owners for all roadworks constructed under this condition. 	<p>a) Prior to commencement of work for each stage</p> <p>b) Prior to survey plan endorsement for each stage</p> <p>c) Prior to survey plan endorsement for each stage</p>
18.	<p>Street lighting</p> <p>Comply with either parts a) and c) or parts b) and c) of this condition.</p> <p>a) Design and install a <u>Rate 2</u> street lighting system, certified by a RPEQ, to all roads, including footpaths/bikeways within road reserves. The design of the street lighting system must:</p> <ol style="list-style-type: none"> meet the relevant standards of Energex; be endorsed by Energex as 'Rate 2 Public Lighting'; be endorsed by Council as the Energex 'billable customer'; be generally in accordance with <i>Australian Standards AS1158 – 'Lighting for Roads and Public Spaces</i>. <p>b) Design and install a <u>Rate 3</u> street lighting system, certified by a suitably qualified and experienced RPEQ, to all roads, including footpaths/bikeways within road reserves. The design of the street lighting system must:</p> <ol style="list-style-type: none"> be in accordance with <i>Australian Standards AS1158 – 'Lighting for Roads and Public Spaces'</i> 	<p>a) Prior to survey plan endorsement for each stage</p> <p>b) Prior to survey plan endorsement for each stage</p>

PDA Development Conditions – Reconfiguring a Lot		
No	Condition	Timing
	<ul style="list-style-type: none"> ii) meet the requirements of AS3000 – ‘SAA Wiring Rules’. iii) meet the requirements of Energex for unmetered supply iv) be endorsed by the relevant ownership authority. <p>c) Submit to EDQ IS ‘as-constructed’ plans and test documentation, certified by a RPEQ, in a format acceptable to Council.</p>	c) Prior to survey plan endorsement for each stage
19.	<p>Water reticulation</p> <p>a) Submit to EDQ IS detailed water reticulation design plans, certified by a RPEQ. The certified water reticulation design plans must be designed generally in accordance with:</p> <ul style="list-style-type: none"> i) <i>PDA Guideline No. 13 Engineering standards</i>; and ii) the approved Functional Layout Services Plan, prepared by KN Group, drawing no. 16-217-SK203 Rev C, dated 16/06/2022. <p>b) Construct water reticulation works generally in accordance with the certified plans submitted under part a) of this condition.</p> <p>c) Submit to EDQ IS ‘as constructed’ plans, certified by a RPEQ, of all water reticulation infrastructure constructed in accordance with this condition, including an asset register, pressure and bacterial test results in accordance with:</p> <ul style="list-style-type: none"> i) Council’s current adopted standards; and ii) the SEQ Water Supply and Sewerage Design and Construction Code - Asset Information. 	<p>a) Prior to commencing site work for the relevant stage</p> <p>b) Prior to survey plan endorsement for the relevant stage</p> <p>c) Prior to survey plan endorsement for the relevant stage</p>
20.	<p>Sewer reticulation</p> <p>a) Submit to EDQ IS detailed sewer reticulation design plans, certified by a RPEQ. 	<i>circumstances listed under section 94(2) (a) of the LTA (e.g. terrace housing on standard format lots).</i>	
35.	Reciprocal easements (lots >300m² in area) a) Submit to EDQ DA reciprocal easement documentation, in a registerable form, for approved lots >300m ² in area and involving common wall construction. b) Register all reciprocal easements required under part a) of this condition. NOTE: For the purposes of this condition, common wall construction includes the circumstances listed under section 94(2) (a) of the LTA (e.g. terrace housing on standard format lots).	a) At or prior to survey plan endorsement for the relevant stage b) At registration of survey plan for the relevant stage
Infrastructure Charges		
36.	Municipal and State Charge In lieu of paying the Municipal and State Charges, the applicant will provide the infrastructure in accordance with the following endorsed Infrastructure Master Plans: i. Community Facilities; ii. Movement Network; iii. Sewer; iv. Water; and v. Community Greenspace.	In accordance with the IFF
37.	Sub-Regional Charge and Implementation Charge Unless a relevant infrastructure agreement provides to the contrary, pay to the MEDQ, the applicable infrastructure charges under the IFF calculated as follows: — where a plan of subdivision or building format plan is submitted for endorsement or the use has commenced on or before four (4) years from the original decision date – in accordance with the IFF in force at the time of the original decision date; or — where a plan of subdivision or building format plan is submitted for endorsement or the use has commenced more than four (4) years from the original decision date – in accordance with the IFF in force at the time of the payment.	In accordance with the IFF
Development Conditions – Plan of Development (POD)		
No	Condition	Timing
Development in accordance with a POD		
38.	Carry out the approved development Carry out the approved development generally in accordance with: a) the approved POD; and b) any documentation endorsed via Compliance Assessment as required by these conditions.	Prior to commencement of use
39.	Maintain the approved development Maintain the approved development generally in accordance with any documentation endorsed via Compliance Assessment as required by these conditions.	At all times following commencement of use

PDA Development Conditions – Reconfiguring a Lot		
No	Condition	Timing
40.	Documentation – POD a) Submit to EDQ DA, for Compliance Assessment, documentation for multiple residential (3 or more dwellings) and other residential development, for assessment against the approved POD. b) The documentation submitted under part a) of this condition is to detail and/or include the following: i) site location; ii) lot size and configuration; iii) building height; iv) plot ratio, gross floor area (GFA) and site cover; v) number and size, using GFA, of dwellings; vi) interface with adjoining dwellings; vii) built-form including floor plans, sections, elevations and details of materials; viii) landscaping and open space provision; ix) on-site parking, access and servicing; and x) urban servicing arrangements including sewer, water, stormwater connections; and xi) an assessment of compliance with the approved POD.	a) Prior to commencement of building works b) Prior to commencement of building works
Construction of development in accordance with a POD		
41.	Out of hours of work - construction Unless otherwise endorsed, via Compliance Assessment for out of hours work, construction hours for the approved development are limited to Monday to Saturday between 6:30am to 6:30pm, excluding public holidays.	During construction unless otherwise endorsed
42.	Out of hours work - Compliance Assessment Where out of hours work is proposed, submit to EDQ DA, for Compliance Assessment, an out of hours work request. The out of hours work request must include a duly completed out of hours work request form ⁴ .	Minimum of 10 business days prior to proposed out of hours work commencement date
43.	Certification of Operational Work Carry out all Operational Work, for a use permitted under the approved POD, in accordance with the <i>Certification Procedures Manual</i> .	At all times
44.	Construction management plan a) Submit to EDQ IS a site-based Construction Management Plan (CMP), prepared by the principal site contractor and reviewed by a suitably qualified and experienced person responsible for overseeing the site works, to manage construction impacts, including: i) noise and dust in accordance with the EP Act; ii) stormwater flows around and through the site without increasing the concentration of total suspended solids or Prescribed Water Contaminants (as defined in the EP Act), causing erosion, creating any ponding and causing any actionable nuisance to upstream and downstream properties; iii) contaminated land, where required under a site suitability statement prepared in accordance with section 389 of the EP Act; iv) complaints procedures; v) site management:	a) Prior to commencing work

⁴ The out of hours work request form is available at EDQ's website.
