Dear Applicant

Changed PDA Decision Notice

Notices given for the purposes of section 99 of the Economic Development Act 2012

Priority Development Area (PDA):	Greater Flagstone
PDA Development Approval:	Change to PDA Development Approval DEV2019/1058
Property Location:	1109 Undullah Road, Flinders Lakes 4285
Property Description:	Lot 3 on S311896

On 14 April 2026, Economic Development Queensland (EDQ) decided to approve **part** of the Amendment Application for the above PDA Development Approval subject to PDA Development Conditions in accordance with the attached Changed Decision Notice.

The Changed Decision Notice and approved plans and documents can also be viewed on EDQ's website at [Current applications and approvals](#).

If you require any further information, please contact Rachel Ritchie, Principal Planner on (07) 3522 8586 or by email at rachel.ritchie@edq.qld.gov.au.

Yours sincerely

Amanda Dryden
Group Director
Development Services
Economic Development Queensland

Cc: Logan City Council: council@logan.qld.gov.au

Changed Decision Notice

Site information		
Name of priority development area (PDA)	Greater Flagstone	
Site address	1109 Undullah Road, Flinders Lakes 4285	
Lot on plan description	Lot number	Plan description
	3	S311896

PDA Development Approval details	
DEV Reference No.	DEV-2026-FLA-4459
Original Approval details	DEV2019/1058 - PDA Development Approval for Development Permit for Reconfiguring a Lot (1 into 5 Management Lots, 2 Park Lots, Access Easements and Associated Roads)
Change to Approval Decision	EDQ has decided to grant part of the changes to the PDA Development Approval applied for, subject to PDA Development Conditions forming part of this Changed Decision Notice. The approval is for changes to the following: Approved plans and documents to incorporate changes to road alignment and super lot boundaries
Original decision date	4 October 2019
Change to Approval decision date	14 April 2026
Currency Period	10 years from the Original decision date

Approved plans and documents			
Plans and documents			
The plans and documents approved by the MEDQ and referred to in the PDA development conditions are detailed in the table below.			
Approved plans and documents		Number (if applicable)	Date (if applicable)
1.	Management Lots and Staged Road Reserve Plan	AU416385-27, Revision A	11/02/26
2.	Concept Roadworks, Typical Sections 01	23301-SPR-SK012, Revision B	04/02/26
3.	Entry Road Concept Roadworks Overall Keyplan	23301-SPR-SK003, Revision B	04/02/26
4.	Entry Road Concept Roadworks	23301-SPR-SK004, Revision B	04/02/26

	Plan Sheet 01		
5.	Entry Road Concept Roadworks Plan Sheet 02	23301-SPR-SK005, Revision B	04/02/26
6.	Entry Road Concept Roadworks Plan Sheet 03	23301-SPR-SK006, Revision B	04/02/26
7.	Entry Road Concept Roadworks Plan Sheet 04	23301-SPR-SK007, Revision B	04/02/26
8.	Entry Road Concept Roadworks Plan Sheet 05	23301-SPR-SK008, Revision B	04/02/26
9.	Entry Road Concept Roadworks Plan Sheet 06	23301-SPR-SK009, Revision B	04/02/26
10.	Entry Road Concept Roadworks Plan Sheet 07	23301-SPR-SK010, Revision B	04/02/26
11.	Concept Roadworks Roundabout Detail Plan Sheet 01	23301-SPR-SK001, Revision B	04/02/26
12.	Concept Roadworks Roundabout Detail Sketch Sheet 02	23301-SPR-SK002, Revision B	04/02/26
13.	Concept Roadworks Typical Sections Sheet 02	23301-SPR-SK012A, Revision B	04/02/26

Supporting Plans and Documents

To remove any doubt, the following documents are not approved documents for the purposes of this PDA development approval, but rather are supporting documents.

Supporting plans, reports and specifications		Number (if applicable)	Date (if applicable)
Endorsed Context Plan			
14.	Flinders - Precinct 01 Context plan	RD1002, Rev Q	14.07.17 (endorsed 25 Oct 2017)
Endorsed Infrastructure Master Plans			
15.	Precinct 1 (Lake Concept) Water Supply Infrastructure Master Plan	23301/IMP, Rev. B	25.05.2018 (endorsed 27 August 2018) as amended from time to time

16.	Precinct 1 (Lake Concept) Movement Network Infrastructure Master Plan	23301/IMP, Rev. 9	22.03.2019 (endorsed 14 June 2019) as amended from time to time
17.	Precinct 1 (Lake Concept) Sewer Supply Infrastructure Master Plan	23301/IMP, Rev. C	04.07.2018 (endorsed 27 August 2018) as amended from time to time
Traffic Impact Statement			
18.	Traffic Impact Statement, prepared by SLR Consulting	620.041435.00001, Revision 1.0	12/02/26

Compliance assessment

Where a condition of this approval requires Compliance Assessment, Compliance Assessment is required in accordance with the following:

- a) The Applicant must:
 - i) pay to EDQ at the time of submission the relevant fee for Compliance Assessment, including any third party peer review costs which will be charged on a 100% cost recovery basis. The Compliance Assessment fees are set out in EDQ Development Services Fees and Charges Schedule¹ (as amended from time to time).
 - ii) submit to EDQ DA a duly completed Compliance Assessment form².
 - iii) submit to EDQ DA the documentation as required under the relevant condition.
- b) Where EDQ is satisfied the documentation submitted for Compliance Assessment complies with the requirements of the relevant condition (or element of the condition), EDQ will endorse the documentation and advise by written notice.
- c) Compliance Assessment and endorsement can be repeated where a different design or solution, to that already endorsed, is sought.
- d) The process and timeframes that apply to Compliance Assessment are as follows:
 - i) the Applicant submits items required under a) above to EDQ Development Services for Compliance Assessment.
 - ii) **within 20 business days** – EDQ assesses the documentation and:
 1. if satisfied, endorses the documentation; or
 2. if not satisfied, notifies the Applicant accordingly.

¹ The EDQ Development Assessment Fees and Charges Schedule is available at EDQ's website.

² The Compliance Assessment form is available at EDQ's website. It sets out how to submit documentation for Compliance Assessment and how to pay Compliance Assessment fees.

- iii) if the Applicant is notified under ii) above, revised documentation must be submitted **within 20 business days** from the date of notification.
- iv) **within 20 business days** – EDQ assesses the revised documentation and:
 - 1. if satisfied, endorses the revised documentation; or
 - 2. if not satisfied, notifies the Applicant accordingly.
- v) where MEDQ notifies the Applicant as stated under iv) above, repeat steps iii) and iv) above. If either party is not satisfied by the outcome of this process, that party can elect to enter into a mediation process with an independent mediator agreed to by both parties.

Despite note v) above, the condition (or element of the condition) is determined to have been met only when EDQ endorses relevant documentation.

Submitting documentation to EDQ

Where a condition of this approval requires documentation to be submitted to EDQ Development Services or DA Engineering use the online Customer Portal <https://portal.edq.qld.gov.au/> or send to developmentsservices@edq.qld.gov.au

PDA Development Conditions

No	Condition	Timing
General		
1.	Carry out the Approved Development Carry out the approved development generally in accordance with the approved plans and documents.	Prior to survey plan endorsement for the relevant stage
2.	Certification of Operational Works All operational works, for contributed assets, undertaken in accordance with this approval are to comply with all requirements of and fulfil all responsibilities outlined in the <i>Certification Procedures Manual</i> .	As required by the <i>Certification Procedures Manual</i>
3.	Street Naming Submit to EDQ Development Assessment a schedule of street names approved by Council.	Prior to survey plan endorsement for the relevant stage
Engineering		
4.	Construction Management Plan a) Submit to EDQ Development Assessment, a site based Construction Management Plan (CMP),	

	prepared by the principal site contractor that manages the following: i. noise and dust generated from the site during and outside construction work hours in accordance with the <i>Environmental Protection Act 1994</i>; ii. stormwater flows around or through the site without increasing the concentration of total suspended solids or Prescribed Water Contaminants (as defined in the <i>Environmental Protection Act 1994</i>), causing erosion, creating any ponding and causing any actionable nuisance to upstream or downstream properties; and iii. contaminated land (if required), including removal, treatment and replacement in accordance with a compliance permit from an approved contaminated land auditor. b) Undertake all works generally in accordance with the CMP submitted under part a) of this condition which is to be current and available on site at all times during the construction period.	a) Prior to commencement of site works for the relevant stage b) At all times during construction
5.	Traffic Management Plan a) Submit to EDQ Development Assessment, a Traffic Management Plan (TMP), certified by a person holding a current Traffic Management Level 3 qualification or higher. The TMP is to include the following: i. provision for the management of traffic around and through the site during and outside of construction work hours; ii. provision of parking for workers and materials delivery during and outside of construction hours of work; iii. risk identification, assessment and identification of mitigation measures; iv. ongoing monitoring, management review and certified updates (as required); and v. traffic control plans and/or traffic control diagrams, prepared in accordance with	a) Prior to commencement of site works for the road

	Manual of Uniform Traffic Control Devices (MUTCD), for any temporary part or full road closures of any Council or State road(s). Where subdivision plans are registered and a road reserve is created prior to the finalisation of the construction of the formed road, the road is permitted to remain physically closed to pedestrian and vehicular traffic in accordance with a certified TMP. b) Undertake all works generally in accordance with the certified TMP submitted under part a) of this condition which is to be current and available on site at all times.	b) At all times during construction
6.	Retaining Walls a) Submit to EDQ Development Assessment, detailed engineering plans, certified by a RPEQ, of all retaining walls on lot boundaries 1.0m or greater in height. Retaining walls are to be generally in accordance with <i>PDA Practice Note No. 10 – Plans of development</i> unless otherwise approved by EDQ Development Assessment. b) Construct the works generally in accordance with the certified plans required under part a) of this condition. c) Submit to EDQ Development Assessment, certification from an RPEQ that all retaining wall works 1.0m or greater in height have been constructed generally in accordance with the certified plans submitted under part a) of this condition.	a) Prior to commencement of site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
7.	Compliance Assessment - Filling and Excavation a) Submit to EDQ Development Assessment, for compliance assessment detailed earthworks plans certified by a RPEQ, generally in accordance with <i>AS3798 – 2007 “Guidelines on Earthworks for Commercial and Residential</i>	a) Prior to commencement of site works for the relevant stage

	<i>Developments</i> and EDQ Guideline 13 – Engineering Standards. The certified earthworks plans are to: i. include a geotechnical soils assessment of the site; ii. be consistent with the Erosion and Sediment Control plans submitted under condition 18; iii. provide full detail of areas where dispersive soils will be disturbed, treatment of dispersive soils and their rehabilitation; and iv. provide full details of any areas where surplus soils are to be stockpiled. b) Carry out the earthworks generally in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, certification from a RPEQ that all earthworks have been carried out generally in accordance with the certified plans submitted under part a) of this condition and that any unsuitable material encountered has been treated or replaced with suitable material.	b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
8.	Compliance Assessment - Flinders Lakes Drive – interim two lane road a) Submit to EDQ Development Assessment, for compliance assessment, detailed engineering design and construction drawings, certified by a RPEQ, for internal roads, including parking bays, traffic devices and pedestrian footpaths, generally in accordance with EDQ Guideline 13 – Engineering Standards and the following plans/documents: i. Precinct 1 (Lake Concept) Movement Network Infrastructure Master Plan ii. Concept Roadworks, Typical Sections 01, Drawing No. 23301-SPR-SK012, Revision B, dated 04/02/26 and prepared by Mortons Urban Solutions iii. Concept Roadworks, Typical Sections 02, Drawing No. 23301-SPR-SK012A, Revision	a) Prior to commencement of site work for the relevant stage

	B, dated 04/02/26 and prepared by Mortons Urban Solutions iv. Entry Road Concept Roadworks Plan, Sheets 01 - 07, Drawing No. 23301-SPR-SK004 – SK010, Revision B, dated 04/02/26 and prepared by Mortons Urban Solutions v. Concept Roadworks Roundabout Detail Plan, Sheet 01, Drawing No. 23301-SPR-SK001, Revision B, dated 04/02/26 and prepared by Mortons Urban Solutions vi. Concept Roadworks Roundabout Detail Sketch, Sheet 02, Drawing No. 23301-SPR-SK002, Revision B, dated 04/02/26 and prepared by Mortons Urban Solutions. Proposed indented bus bays and in line bus stops shall be designed in accordance with the <i>Translink Public Transport Infrastructure Manual 2015</i> and <i>Disability Standards for Accessible Public Transport 2004</i>. b) Construct the works generally in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, 'as constructed' drawings, asset register and test results, certified by a RPEQ, in a format acceptable to the Council of all road works constructed in accordance with this condition. <i>Note: The ultimate four-lane road is not identified in the Greater Flagstone Priority Development Area Development Charges and Offset Plan (July 2025) (DCOP) at the time of this PDA approval. No offset will be available for the construction of the four-lane road unless prior to construction it can be demonstrated that the projected traffic volumes necessitate the four-lane road and the DCOP and Movement Network IMP, or other relevant documents current at the time of construction, identify the four-lane road as being required.</i>	b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
9.	Compliance Assessment - Water Main Along Flinders Lakes Drive a) Submit to EDQ Development Assessment, for compliance assessment, a detailed water reticulation design plans along the Flinders Lakes	a) Prior to commencement of site works for the first stage

	Drive road reserve, certified by a RPEQ, generally in accordance with <i>PDA Guideline No. 13 Engineering standards – Sewer and Water</i> and the following documents: i. Endorsed Precinct 1 (Lake Concept) Water Supply Infrastructure Master Plan. b) Construct the works generally in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, 'as constructed' plans, asset register, pressure and bacterial test results in accordance with Council's current adopted standards, of all water reticulation works constructed in accordance with this condition.	b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
10.	Compliance Assessment - Water – External a) Submit to EDQ Development Assessment, for compliance assessment detailed water reticulation design plans for the proposed DN375 water main. The detailed plans are to include connection details to the existing network, certified by a RPEQ, generally in accordance with <i>PDA Guideline No. 13 Engineering standards – Sewer and Water</i> and the following documents: i. Endorsed Precinct 1 (Lake Concept) Water Supply Infrastructure Master Plan. b) Construct the works generally in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, 'as constructed' plans, asset register, pressure and bacterial test results in accordance with Council's current adopted standards, of all water reticulation works constructed in accordance with this condition.	a) Prior to commencement of site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
11.	Compliance Assessment – Sewer Main Along Flinders Lakes Drive	

	a) Submit to EDQ Development Assessment, for compliance assessment, a detailed sewer reticulation design plans along the Flinders Lakes Drive road reserve, certified by a RPEQ, generally in accordance with <i>PDA Guideline No. 13 Engineering standards – Sewer and Water</i> and the following documents: i. Endorsed Precinct 1 (Lake Concept) Sewer Supply Infrastructure Master Plan. b) Construct the works generally in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, 'as constructed' plans, asset register, pressure and CCTV results in accordance with Council's current adopted standards, of all sewer reticulation works constructed in accordance with this condition.	a) Prior to commencement of site works for the first stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
12.	Stormwater Management (Quality) a) Submit to EDQ Development Assessment, detailed engineering design and construction drawings, certified by a RPEQ, for the proposed stormwater treatment devices generally in accordance with <i>PDA Guideline No. 13 Engineering standards</i>. b) Construct the works generally in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, 'as constructed' drawings, including an asset register, certified by a RPEQ, in a format acceptable to the Council, of all stormwater management (quality) works constructed in accordance with this condition.	a) Prior to commencement of site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
13.	Compliance Assessment - Stormwater Management (Quantity)	

	a) Submit to EDQ Development Assessment, for compliance assessment detailed design plans and hydraulic calculations, certified by a RPEQ, for the proposed stormwater drainage system along Flinders Lake Drive generally in accordance with <i>PDA Guideline No. 13 Engineering standards – Stormwater quantity</i>. b) Construct the works in accordance with the certified plans submitted under part a) of this condition. c) Submit to EDQ Development Assessment, 'as constructed' plans including an asset register and test results, certified by a RPEQ, in a format acceptable to the Council, of all stormwater management (quantity) works constructed in accordance with this condition.	a) Prior to commencement of site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for each stage
14.	Street Lighting Design and install a street lighting system, certified by a RPEQ, to all roads, including footpaths/bikeways within road reserves. The design of the street lighting system is to: a) meet the relevant standards of the electricity supplier; b) be acceptable to the electricity supplier as 'Rate 2 Public Lighting'; c) be endorsed by Council as the Energex 'billable customer'; and d) be generally in accordance with Australian Standard AS1158 – '<i>Lighting for Roads and Public Spaces</i>'.	Prior to survey plan endorsement for the relevant stage
15.	Public Infrastructure – Damage, Repairs and Relocation Repair any damage to existing public infrastructure that occurred during works carried out in association with the approved development. Should existing public infrastructure require relocation, due to the approved development, the developer is responsible for these costs together with compliance with relevant standards and statutory requirements.	Prior to survey plan endorsement for the relevant stage

Landscaping and Environment		
16.	Streetscape Works a) Submit to EDQ Development Assessment, detailed streetscape works drawings, including a schedule of proposed standard assets to be transferred to Council, certified by an AILA, generally in accordance with the approved plans. The detailed streetscape works drawings are to include, where applicable: 1. location and type of street lighting in accordance with Australian Standard AS1158 –‘<i>Lighting for Roads and Public Spaces</i>’; 2. footpath treatments; 3. location and types of streetscape furniture; 4. location and size of stormwater treatment devices; and 5. street trees, including species, size and location generally in accordance with the Council adopted planting schedules and guidelines. b) Construct the works generally in accordance with the streetscape plans endorsed under part a) of this condition. c) Submit to EDQ Development Assessment, ‘as constructed’ plans and asset register in a format acceptable to Council certified by an AILA.	a) Prior to commencement of site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage c) Prior to survey plan endorsement for the relevant stage
17.	Acid Sulfate Soils (ASSMP) a) Where acid sulfate soils are found on site, submit to EDQ Development Assessment, an Acid Sulfate Soils Management Plan (ASSMP). The ASSMP is to be certified by a suitably qualified professional in soils and/or erosion sediment control b) Excavate, remove and/or treat on-site all acid sulfate soils generally in accordance with the	a) Prior to commencement of or during site works for the relevant stage b) Prior to survey plan endorsement for the relevant stage
