Submitting documentation to EDQ

Where a condition of this approval requires documentation to be submitted to EDQ, use the following submission pathways:

a) For conditions requiring Compliance Assessment submit via the EDQ Customer Portal or via developmentservices@edq.qld.gov.au

b) For conditions requiring the submission of material related to the Certification Procedures Manual (CPM) process, submit via the CPM Digital Submission system

c) For all other conditions requiring the submission of material, submit via prepostconstruction@edq.qld.gov.au

PDA Development Conditions

No.	Condition	Timing
1	**Certification of Operational Work** Carry out all Operational Work under this approval in accordance with the *Certification Procedures Manual (CPM)*.	At all times during construction and the maintenance period.

PDA Development Conditions		
No.	**Condition**	**Timing**
	In addition to the requirements under the CPM, invitation to City of Moreton Bay Council officers is required for the following inspections, with minimum 48 hour notice: • On maintenance inspection for Council's acceptance of all works. • Inspections for defects during the maintenance period. • Off maintenance inspection of all works. Note: Council attendance at these inspections is optional.	
2	**Hours of Work – Construction** Unless otherwise endorsed, via Compliance Assessment for out of hours work, construction hours for the approved development are limited to Monday to Saturday between 6:30am to 6:30pm, excluding public holidays.	At all times.
3	**Out of Hours Work – Compliance Assessment** Where out of hours work is proposed, submit to EDQ, for Compliance Assessment, an out of hours work request. The out of hours work request must include a duly completed out of hours work request form. The out of hours work request form is available at EDQ's website.	Minimum of 10 business days prior to proposed out of hours work commencement date
4	**Works – Applicant's Expense** All works, services, facilities and/or public utility alterations required by or as a consequence of this approval or stated condition/s, whether carried out by the Council or otherwise, shall be at the developer's expense unless otherwise specified or agreed in writing. Replace existing Council infrastructure (including but not limited to street trees and footpaths) to Council's standards.	At all times during construction and prior to works being accepted Off Maintenance.
5	**As Constructed Information – Landscape works** a) Provide, for review and approval, Council with a preliminary set of the 'Survey As Constructed' drawings for the approved works, a digital ADAC file and Bill of Quantities. The Bill of Quantities shall include (as a minimum): • Area of garden beds (including bio-retention areas);	a) Prior to the On Maintenance Inspection.

PDA Development Conditions		
No.	**Condition**	**Timing**
	• Area of turf within the park; and • Number of street trees. b) Submit approved As Constructed drawings, digital ADAC file and the Bill of Quantities in accordance with Council's Planning Scheme, relevant Planning Scheme Policies and design standards current at the time of development.	b) Prior to works being accepted On Maintenance.
6	**Planting in Road Verges (including street trees)** a) The extent of planting in road verges is strictly limited to the allocations identified in Council's Planning Scheme Policies and shown on Council's standard drawings unless approved otherwise in writing by Council's delegated officer. b) The location of individual plants within the road reserve area is to be as shown on Council's standard drawings.	a) Prior to acceptance of works On Maintenance. b) At all times.
7	**Fertilisers for Grassing and Landscape Works** Odorous chemicals, fertilisers, soil conditioners or mulches shall not be used on land development projects. Only a non-odorous, commercially bagged and labelled fertiliser shall be used when seeding grass areas or laying turf. Without limiting the above, Council's delegated officer may approve the use of suitably composed and aged organic material, such as soil conditioners, at the following locations: • in isolated locations where existing and proposed houses are considerable distances from the work site; and • where, in the officer's opinion, their use would not adversely affect the occupiers of any nearby properties with strong odours or loose material blown from the work site. Council's delegated officer will provide the approval in writing with conditions where odorous fertilisers are approved.	At all times during construction.
8	**Stabilisation of Disturbed Areas** Ensure that a grass strike rate of at least 80% cover has	Prior to works being

PDA Development Conditions		
No.	**Condition**	**Timing**
	been attained on all disturbed areas or other approved means of stabilisation of grassed areas have been provided. Note: For residential and rural residential subdivisions, the road reserve between kerb and property line shall be turfed as a condition of completion.	accepted On Maintenance.
9	**Slip Rails** All slip rail installations shall be 900mm above ground level.	Prior to works being accepted On Maintenance.
10	**Park Information Signage – Maintenance Period** Install a sign, which shall be clearly visible to the Public within the Park Area. The sign shall be 600mm x 300mm in durable aluminium or steel plate placed on an appropriate post, painted white with black text stating the following "*This Park is currently being maintained by <Developer's Name>. For maintenance issues please call <Developer's Phone No.>.*"	Install at time of acceptance of On Maintenance and remove at time of acceptance of Off Maintenance.

STANDARD ADVICE

1	**Development Permit** This approval shall comply with all the conditions of related approval as stipulated in the Decision Notice referenced as DA/2026/1807 dated 27 May 2026 . The Applicant needs to be aware that the Currency Period of that Decision Notice may determine the validity period of this Decision Notice.
2	**Extent of Checking by Council** This approval shall not be taken to mean that the drawings have been checked in detail and Council accepts no responsibility whatsoever for the survey information, the design, or for the accuracy of any information or detail contained in the approved drawings and specifications.
3	**Aboriginal Cultural Heritage Act** The *Aboriginal Cultural Heritage Act 2003* commenced in Queensland on April 16, 2004. Under the Act, indigenous parties are key in assessing cultural heritage significance. The *Aboriginal Cultural Heritage Act 2003* establishes a Duty of Care for indigenous cultural heritage. This applies on all land and water, including freehold land. The Cultural Heritage Duty of Care lies with the person or entity conducting the activity.

	Penalty provisions apply for failing to fulfil the Cultural Heritage Duty of Care. Those proposing an activity that involves additional surface disturbance beyond that which has already occurred on the proposed site need to be mindful of the Duty of Care requirement. Details of how to fulfil the Duty of Care are outlined in the Duty of Care Guidelines gazetted with the Act. Council strongly advises that you contact the relevant state agency to obtain a copy of the Duty of Care Guidelines and further information on the responsibilities of developer under the terms of the *Aboriginal Cultural Heritage Act 2003*.
4	**Landscaping Standards** All landscaping shall be in accordance with Council's Standards and the approved Operational Works landscaping plan. Note: The current design standards and relevant planning scheme codes and policies are: • Works code; • Reconfiguring a lot codes; • PSP- Integrated Design
5	**Biosecurity Act 2014 - Fire Ant Control** Significant portions of the Moreton Bay are within Fire Ant Biosecurity zone 2 and must remain vigilant for the presence of fire ants. Under the Biosecurity Act 2014 individuals and businesses are responsible for ensuring that they follow the movement controls for specific organic materials to help prevent the spread of fire ants within South East Queensland's fire ant biosecurity zones. Movement of a fire ant carrier from within the fire ant biosecurity zone may need a biosecurity instrument permit. More information is available on https://www.fireants.org.au/treat/business-and-industry/movement-controls
