Dear Kari

**SECTION 89(1)(a) PDA DEVELOPMENT APPROVAL FOR A PDA
DEVELOPMENT APPLICATION FOR A PDA DEVELOPMENT PERMIT FOR A
MATERIAL CHANGE OF USE FOR MULTIPLE RESIDENTIAL (2 DWELLING
UNITS) AT LOT 17 AURORA ROAD, TANNUM SANDS DESCRIBED AS LOT 17
ON SP260342**

On 4 September 2013 the Minister for Economic Development Queensland (MEDQ) approved the Priority Development Area (PDA) development application pursuant to s.85(4)(b) of the *Economic Development Act 2012*. MEDQ has decided to grant all of the PDA development approval applied for subject to PDA development conditions set out in the attached PDA Development Approval Package.

The PDA development application and the decision notice can also be viewed in the MEDQ Development Approvals Register via the MEDQ website:
<http://edq.qld.gov.au/infrastructure-and-planning/priority-development-area-development-approvals.html>.

Should you have any queries in relation to the decision notice, please do not hesitate to contact Owen Haslam on 3024 4193.

Yours Sincerely

Patrick Atkinson
Director – Development Assessment

PDA Decision Notice – Approval

Site information		
Name of urban development area (PDA)	Tannum Sands	
Site address	Lot 17 Aurora Road, Tannum Sands	
Lot on plan description	Lot number	Lot description
	Lot 17	SP260342
PDA development application details		
MEDQ reference number	DEV2013/483	
Lodgement date	23 August 2013	
Type of application	☒ New development involving:- ☒ Material change of use ☐ Preliminary approval ☒ Development permit ☐ Reconfiguring a lot ☐ Preliminary approval ☐ Development permit ☐ Operational work ☐ Preliminary approval ☐ Development permit ☐ Changing a PDA development approval ☐ Extending the currency period of a PDA approval	
Description of proposal applied for	Multiple Residential (2 Dwelling Units)

Approved plans, reports and specifications		Number (if applicable)	Date (if applicable)
1.	Colour Scheme for Lot 17 – Bravo Dark	NA	NA
2.	Site Plan – Sheet 1 of 7	Lot 17, Tannum Sands	22 AUG. 2013
3.	Ground Floor Plan – Sheet 2 of 7	Lot 17, Tannum Sands	22 AUG. 2013
4.	Fence Plan – Sheet 3 of 7	Lot 17, Tannum Sands	22 AUG. 2013
5.	Landscape Plan – Sheet 4 of 7	Lot 17, Tannum Sands	22 AUG. 2013
6.	Plant Species List	NA	NA
7.	Elevations 1 – 2 – Sheet 6 of 7	Lot 17, Tannum Sands	22 AUG. 2013
8.	Elevations 3 – 4 – Sheet 7 of 7	Lot 17, Tannum Sands	22 AUG. 2013

PDA Development Conditions

1.	Carry out the approved development Carry out the development generally in accordance with the approved plan/s. drawing/s and document/s.	To be maintained
2.	Complete all Operational Works Complete all operational work associated with this development approval, including work required by any of the following conditions. Such operational work is to be carried out generally in accordance with the approved plans.	Prior to commencement of use
3.	Maintain the Approved Development Maintain the approved development (including landscaping, parking, driveways and other external spaces) in accordance with the approved drawing(s) and /or documents, and any relevant DSDIP or other approval required by the conditions.	To be maintained

4.	Energy Efficiency a) Submit to Development Assessment Division of DSDIP a report outlining the energy efficient features employed in the building which is to include but not limited to: ▪ energy efficient plant and equipment ▪ use of gas, solar or heat pump hot water systems as standard with insulated pipes ▪ maximise the use of energy efficient lighting ▪ implement demand management strategies to reduce energy consumption and ▪ the consideration of construction and fit out materials with low embodied energy. b) Submit to Development Assessment Division of DSDIP written certification that the completed building complies with part a) this condition.	a) Prior to approval for Building Works b) Prior to the commencement of use
5.	Construction Management Plan a) Submit to Development Assessment Division of DSDIP a site based construction management plan that will include but not be limited to the: ▪ provision for the management of traffic around and through the site during and outside of construction work hours ▪ provision for parking and materials delivery during and outside of construction hours of work ▪ management of dust generated from the site during and outside construction work hours] ▪ management of groundwater and surface water collection, treatment and disposal ▪ management of contaminated soils (if required), including removal, treatment and replacement in accordance with site remediation plans prepared and approved specifically for this site, if needed. The construction management plan shall be prepared in consultation with the professionals responsible for individual site related management plans to ensure that all aspects of the construction and environmental management are included. The construction management plan shall be reviewed and approved by the principal consultant overseeing and certifying the construction works. b) All work shall be undertaken in accordance with the construction management plan which must be current and available on site at all times during the construction period.	a) Prior to commencement of site works b) At all times during site works
6.	Vehicle Access	

	Construct a vehicle crossover between the existing kerb and channel and the property boundary generally in accordance with the approved Site Plan, Lot 17, Tannum Sands, dated 23 August 2013 and Gladstone Regional Council adopted standards.	Prior to commencement of use
7.	Soil Erosion and Sediment Control a) Submit to Development Assessment Division of DSDIP an Erosion and Sediment Control (E&SC) Program certified by a Registered Professional Engineer of Queensland (RPEQ) or a Certified Professional Erosion and Sediment Control (CPESC) that complies with - <i>ICEA Best Practice Erosion & Sediment Control – November 2008</i>. b) Soil erosion and sediment control shall be monitored and maintained in accordance with the certified E&SC Program	Prior to commencement of work At all times during works on site
8.	Water Connection Connect the development to the existing water reticulation network in accordance with the Gladstone Regional Council standards.	Prior to commencement of use
9.	Sewerage Connection Connect the development to the existing sewerage reticulation network in accordance with the Gladstone Regional Council standards.	Prior to commencement of use
10.	Stormwater Connection Connect the development to the existing stormwater network at a lawful point of discharge in accordance with Gladstone Regional Council standards	Prior to commencement of use
11.	Easements over infrastructure – water supply, sewerage, drainage Where public utilities are located on private land, public utility easements must be provided in favour of and at no cost to the grantee, over infrastructure located in private land that becomes contributed assets The terms of the easements must be to the satisfaction of the Chief Executive Officer of the authority which ultimately is to takeover and maintain the contributed assets.	Prior to commencement of use
12.	Service Conduits & Mains Supply and install all service conduits and meet the	Prior to commencement of

	cost of any alterations to public utility mains, existing mains, services or installations required in connection with the approved development in accordance with the relevant authority or utility standards	use
13.	Repair damage to existing infrastructure Repair any damage to existing kerb and channel, footpath or roadway (including removal of concrete slurry from footways, roads, kerb and channel and stormwater gullies and drainlines) that may occur during any works carried out in association with the approved development.	Prior to commencement of use
14.	Outdoor Lighting Design and install outdoor lighting to minimise light spill in the adjacent residential properties to be in accordance with <i>AS 4282:1997 Control of the Obtrusive Effects of Outdoor Lighting</i> .	Prior to commencement of use and to be maintained.
15.	Electricity a) Submit to Development Assessment Division of DSDIP written evidence that the applicant has entered into an agreement with an authorised electricity supplier (e.g. Ergon) to provide electricity services to the development; and b) Connect via an underground main to the existing electrical reticulation network in accordance with the relevant authorised electricity utility standards;	a) Prior to commencement of works b) Prior to commencement of use
16.	Telecommunications Connect each dwelling to the existing Telecommunications Act (Fibre Deployment Bill 2011) Communications Alliance G645:2011 guideline compliant telecommunications network in accordance with relevant service provider standards.	Prior to commencement of works
17.	Refuse Management Enter into an agreement with the Gladstone Regional Council to provide a waste collection service to the development.	Prior to commencement of use
18.	Infrastructure Contributions Pay to Economic Development Queensland a monetary contribution towards the cost of the provision of essential infrastructure at the rate applicable at the time of payment.	Prior to commencement of use

The current contribution has been calculated in accordance with Gladstone Regional Council's *Adopted Infrastructure Charges Resolution (No. 1) – 2011 Former Calliope Shire Local Government area - Amended: 16 July 2013*, which is as follows:

The current contribution is as follows:

Table 3 - Adopted charge for residential development		
<i>Residential Use – Charge area 1</i>	<i>Adopted infrastructure charge for residential development (\$/dwelling unit)</i>	
3 or more bedroom dwelling	\$28,000/dwelling x 1 dwelling unit	\$28,000
1 or 2 bedroom dwelling	\$20,000/dwelling x 1 dwelling unit	\$20,000
Credit	\$28,000/lot x 1 dwelling unit	-\$28,000
Total Infrastructure Contribution		\$20,000

**The developer contributions will be adjusted each July with the 3 year rolling average of the Road and Bridge Construction Queensland Index*

STANDARD ADVICE

Please note that in order to lawfully undertake development, it may be necessary to obtain approvals other than this PDA development approval, some specific advices are outlined below. Other advices may include other approvals under the *Economic Development Act 2012* as well as the *Sustainable Planning Act 2009* (e.g. for building work), the *Plumbing and Drainage Act 2002* and the *Commonwealth Environmental Protection and Biodiversity Act 1999*. Carrying out development may also be subject to 'duty of care' legislation such as the *Aboriginal Cultural Heritage Act 2003*. For advice on other approvals that may be necessary in relation to your proposal, please seek professional advice.

Gladstone Regional Council – Nominated Assessing Authority

For any conditions in this package that require the consideration of Gladstone Regional Council, you will need to submit the relevant forms, plans and/or reports and fee to the entity nominated in the condition/s. When satisfied that the condition has been met, the applicable entity will issue a response in the manner required by the condition/s (e.g. a letter of endorsement or authorisation or a permit). No costs will be incurred by DSDIP or Gladstone Regional Council.

Noise and Dust Emissions

All development involving the emission of noise and dust from building/construction activities requires that the emission be in accordance with the requirements of the *Environmental Protection Act 1994*. Pursuant to Division 3 Section 440R of the *Environmental Protection Act 1994*, a builder or building contractor must not carry out

building work on a building site in a way that makes or causes audible noise to be made from the building work on

- (a) Sundays or public holidays, at any time; or
- (b) Saturdays or business days, before 6.30 a.m. or after 6.30 p.m.

Please note: The above information has been provided to the applicant as an advice only, and does not form part of the development approval conditions. This advice has been provided to the applicant to inform them of other obligations they may have to comply with (under state legislation or local laws) prior to their activity commencing.
